Circular – Holiday – Grade I & II

Dear parents,

Greetings from Muthamil Public School!

Muthamil expresses our deep gratitude to all our parents and students for their exceptional support rendered to complete the Term I successfully. We are happy to announce that the **Term I break for our children begins from 1st October to 9th October 2022**. School will be **recommenced on 10th October 2022, Monday**. It is the right time to spend your valuable time with your wards. Encourage the children to play outdoor games safely.

Reading:

“Reading should not be presented to children as a chore or duty. It should be offered as a precious gift”

Children who can read independently and early have more opportunities to encounter the written word. The sooner children learn how to read, the more books, knowledge and ideas they will be exposed to. The result is improved linguistic skills in the form of a richer vocabulary, correct grammar, improved writing, better spelling and more articulate oral communication. **So kindly motivate your ward to read a book every day during these holidays. The sample reading content is posted in the WhatsApp group.**

Cleanliness:

“Cleanliness is indeed next to Godliness”

‘One who maintain cleanliness keeps away diseases’

Encourage your ward to clean their room, shelves and house and click a picture and send it to our school WhatsApp number(9443101111).

Gardening :

Planting and gardening with preschoolers are a great way to learn about the natural world is through hands-on activities and experiences. We can help our children to learn about spring, plants, and growth by planting and caring for flowers and vegetables. This collection of ideas can help preschoolers plant a

garden of learning Gardening with kids is a great way to spend time connecting with your children teaching them the basics of plant care, after planting children learn the importance of taking care of them while observing their growth. **So, support your ward to create a kitchen garden in your home, experience it, Complete the following tasks and send the photographs to our school WhatsApp number(9443101111).**

Example: Fenugreek seed, Spinach, Mint stem, etc.,

Task 1 : Find out:

1. How long did it take for the plant to come out from the soil?
2. Did new leaves come out of the plant every day?
3. Was there any change in the stem of the plant?

Task 2 :

1. Paste 5 fallen dried leaves and write their names.
2. Collect different types of leaves and make 5 shapes using them.

➤ **Exercise** – Spent time with your ward in the morning while walking.

➤ **Save Nature** – Contribute to save our precious environment. Minimize the wastage of resources like water, fuel and electricity.

➤ **Diet** – Eat healthy food and drink lots of water & fresh juices follow the Nutrients Day circular for millets recipe.

➤ **Keep your mobile aside for 2 hours every day** and spend your precious time with your ward.

➤ Take your ward to visit any tourist place and relative's house.

➤ **Speak to your wards in English for everyday half an hour.**

➤ Instruct your ward to practice every day 1page of cursive handwriting.

➤ **SOF IEO exam will be conducted on October 14th Friday.**

➤ **SOF NSO exam will be conducted on October 18th Tuesday.**

Registered students prepare well for the SOF Olympiad exams.

➤ **Train your ward for the Term II competition** and encourage them to participate in all the competitions.

“Wishing You a Happy Holidays and Joyful Learning”
