MY SCHOOL ACTIVITY

Kiddies of Muthamil Public school were engaged in an activity titled 'My School'. The students were taught about the power of caring, sharing and sympathy. They learnt the values of kindness and generosity. They learnt the values of safety and responsibility and also about their surroundings. The kindergartners were made to realise the value of a school.

BOARD RESULTS

The results for the 1st batch of class 10 was declared. It was 100% pass. Students secured very high marks. Thanks to the efforts of Facilitators who motivated the students to score well.

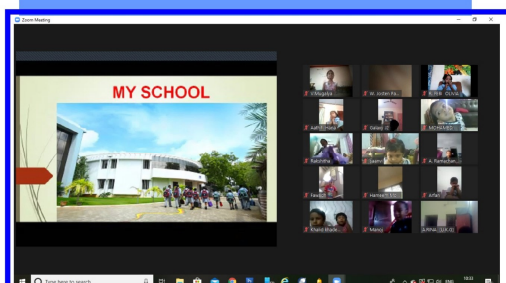

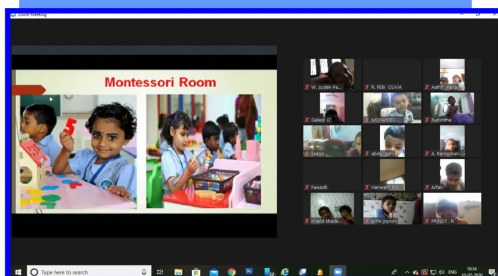

YELLOW DAY

The kiddies daunted in their yellow dress were covered in an ocean of yellow experientially. Color can sway thinking, change actions and cause reactions. Yellow is the colour between orange and green on the spectrum of visible light. They immersed their delicate fingers in the colour yellow to get an impression of their imprinted palm. Kindergartners unravelled the mystery of yellow.

July Month Assessment for Kindergarten to class2

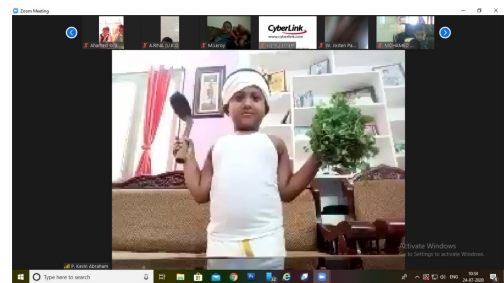

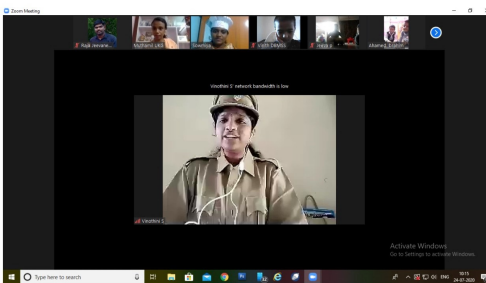

The 1st assessment for Kg to grade 2 commenced on 13.07.2020. The students took up the online test enthusiastically. They learnt the new mode of assessment by attempting to answer through google forms. The response from the parents and students is encouraging and laudable.

COMMUNITY HELPERS

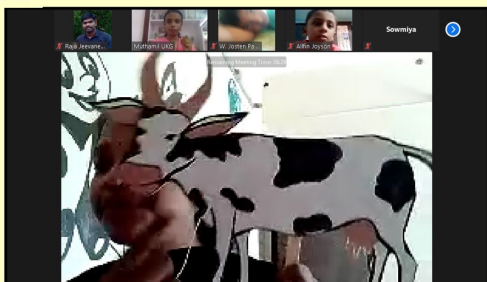

The kindergarten students participated in various activities in order to learn about the role of community helpers and also to understand the value of helping one another. The galore of activities like rhymes, video guessing tasks, enacting like helpers etc. enabled the kids to understand the role of helpers and the happiness of in helping each other. The value based activity helped the kids to acquire the knowledge about community helpers.

Show and Tell

The unique activity on 'show and Tell' was a learning atmosphere wherein the kindergartners of the school narrated about their favourite toys. The participants exercised their communicative skills through their eloquent oration. The 'tell tale stories about the 'toys' is one of the memorable moments the kids can give us through their delicate articulation. The entire process helped the kids to enhance their skills of communication.

Safety Measures

A sudden unforeseen event is just the tip of an iceberg but it clearly indicates the insurmountable troubles ahead. Our management has ensured the Highest standards of safety during this covid outbreak. Right at the entrance of the school a new wash basin with sanitizers have been placed. No one is allowed inside the campus without a mask. All precautionary measures have been taken to ensure that the campus is a safe place as per guidelines given by the government.

The students of Muthamil Public School celebrated Bakrid by outlining its significance through a short online programme. It is an important festival in the Muslim calendar. It is an indication of unconditional love and faith towards God. Prophet Ibrahim was willing to sacrifice his own

son as an act of obedience to God's command. It was a true test of Love and Submission to God. The celebrations sent a clear message of Love, Devotion, Kindness and Equality. The verse of the Quran was invoked through the Namaz by IRFAAN and ESHAAN. This was followed by a short skit by YAH MUHAMMED and SANAA. SAMEERA FATHIMA added flavor to the programme by narrating an interesting story from the Quran. This was finally followed by a wonderful speech by JUMANA THANVEER. The performance of all the participants was noteworthy. We specially appreciate FARIYA DEEBA for anchoring the entire programme and also all the participant students and their parents for their cooperation and support to propagate this message of Bakrid. Eid Mubarak....

May God Bless your family with good health, peace and happiness on the joyous occasion of Eid and for many years to come.

Enrich Reading Programme

Reading helps one to grow mentally, emotionally and psychologically. It helps one to discover, focus and concentrate, broadens imagination and enhances creativity, reduces stress, enhances critical and analytical thinking. It gives joy and pleasure. Our school initiated the reading programme from 08.07.2020 as a regular session for classes I to 8 during the first 15 minutes of their online classes. From then on we are marching forward continuously and it has enabled many learners to improve their reading skills.
