Christmas is a time of love and Joy and is celebrated every year on the 25th of December with huge preparations and decorations. Christmas tree, Christmas cards, gifts, etc matter a lot on this occasion. This is the day believed by the Christians that the Son of God came to redeem all mankind and call them to himself. On that day, God sent his Son to become a man on earth in order that one day he would become the payment for the sins of the world past, present, and future. Our students staged the whole history. We had Fathima from Grade 6 play the role of Mother Mary and Dikshita from Grade 6 play the role of Joseph. A manger was also prepared by the students. We also had some students who enacted as shepherds It was celebrated with great valour. Kids participated in cultural activities with great enthusiasm like dance, plays, music. Due to the Pandemic, Schools run online but MPS ensures that students never miss their part of the fun.

"The eyes are the windows to the soul" is an expression that is often used to describe the deep connection one feels when looking into another's eyes. However, like windows, the eyes work both ways. They are not only important in seeing into another person's soul, but they are also vital in how we view the world around us. As all classes are being held online, students have to sit in front of the monitor for a long time. This results in the stress of the eyes. Eye camps are often organized for the benefit of students. In MPS Eye- camp was conducted by "Dr.Agarwal Eye hospital" on 01-12-2021.On screening around 500 students, 10% of students had problems with their vision due to over usage of electronic gadgets and improper diet which is indeed alarming. Concerned students were advised to visit the hospital to rectify their problems at the earliest.
