" The best way to find yourself is to lose yourself in the service of others." A quote by Mahatma Gandhi. Charity is a noble act. By giving to the poor and needy we create immense joy among us and the people whom we help. Teaching young souls to help people in need is one of the main mottos of MPS. Students from all grades were motivated to donate to the poor and needy. Our enthusiastic students leaving no stone unturned came forward and donated many things. Students with the help of their parents donated with a

magnanimous heart. There are many students who don't get the opportunity to have all their daily needs, and they find it difficult. Even though we have free education provided by the government, there are many children who don't have basic needs, and our students came forward to help such students. They enthusiastically went to schools and donated. An old age home is a place

where old people are provided shelter and food to live. They are also provided with healthcare facilities and other amenities. Old age is an important phase of life when we can sit and relax at home but nowadays many children who don't want their parents at

home admit them to old age homes to get rid of them. Our school also wanted to educate our students on how important it is to take care of them, keeping this in mind our Muthamil Students visited an old age home. Students joyfully had a good time with them and also donated many things to them.
