

GREEN DAY

MPS KINDERGARTEN

MPS SUMMIT

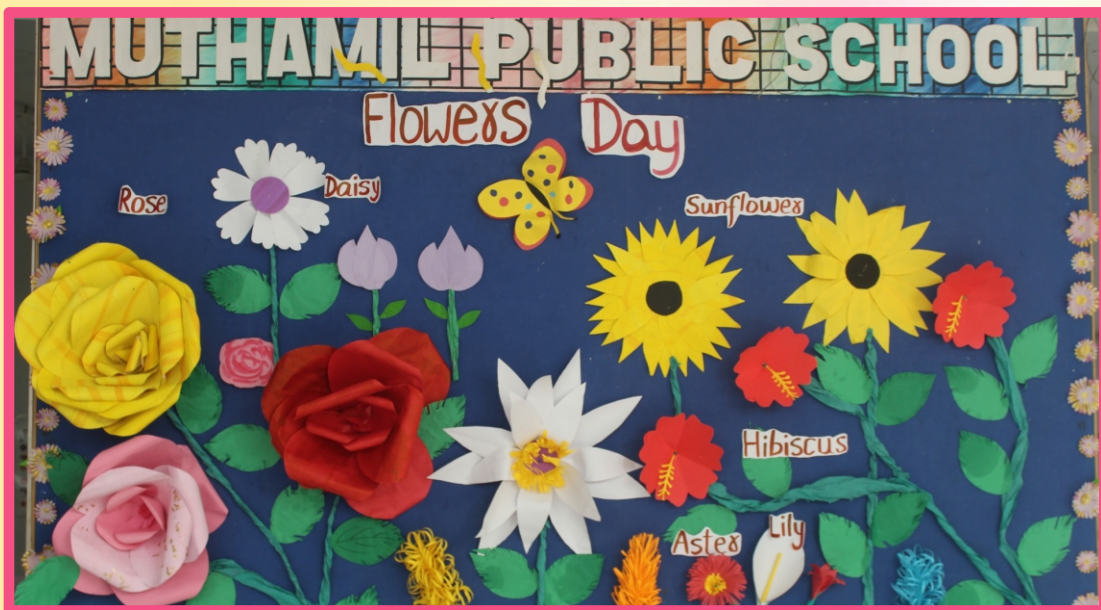

Green day was celebrated in an instructive way in Muthamil public School, where the children learnt about the importance of green colour and the positive effects it has on our lives. The campus buzzed with a series of activities like vibrant speeches, vegetable printing, leaf colouring, collage work etc. Attractive charts and drawings were displayed on the bulletin boards depicting the green colour at its best. Bubbling with enthusiasm in their astonishing green costumes the little ones created a pleasant, harmonious and refreshing aura. It goes without saying that the active involvement in this colourful activity infused in them vigor, vitality and freshness. The highlight of this celebration were little commentators who stepped forward with zeal and confidence to deliver short speeches on the significance of green colour. The shades of green filled the air with freshness, thrill, ecstasy and bliss. It also prompted them to think how green colour energizes and revitalizes our lives. It was indeed an invigorating, reviving and rejuvenating experience.....!!

MUTHAMIL'S FLOWERS DAY

Flowers Day was celebrated in Muthamil Public School. The tiny tots of KG Section participated with full zest and enthusiasm. A special assembly was conducted by the students on this occasion. The day started with Prayer. Kids were very excited to see the different varieties of flowers like Rose, Jasmine, Sunflower, and Lotus and participated in various activities.

They also brought real flowers to school and described the flowers in sentences. There was an interactive session asking the students about the colour, fragrance, uses of flowers, etc. Show and tell activity helped in improving their vocabulary while drawing, painting and making different flowers helped in enhancing their creativity. Kids were shown a video on the topic. Students enjoyed a lot and were able to learn about the types of flowers, their colors, their fragrances, and their importance.

ROVERS OF TAMIRAPARANI

"Water is life's matter and matrix, mother and medium. There is no life without water".

Natural resources are very precious and valuable to all living beings. In MPS we have a team of enthusiasts who enjoy and love learning about all the natural resources. A year long, field based wetland education program was conducted by ATREE for our students. Our Rovers of Tamiraparani students visited Punnakayal as their fifth field trip. Punnakayal (Neithal Landscapes) is a harbor village in Tamil Nadu. It symbolizes the life of fisher folk, the nets and boats drawn up on the beach, sculpting crabs and the odour of dry fish. Our students visited the Neithal Landscape to explore the major habitats namely:

(a) Saltpans – Shallow human-made ponds designed to produce salt from seawater.

(b) Mangroves – A group of trees and shrubs that live in the coastal intertidal zone.

(c) Seashore – An area of sandy, stony, or rocky land bordering and level with the sea.

(d) The sea – A portion of the ocean that is partly surrounded by land.

Mr. Raju famous as Uncle Raju schooled our students how living organisms thrive near the ocean beds. Our students started the magical water journey of our perennial river Tamiraparani from the starting point to the end of where it meets the ocean, Gulf of Mannar. Students were introduced to the local cuisines and also learned about the different life species present near the wetlands. Each and every moment was thoroughly enjoyed by our students

Women's Day Celebrations

Woman is a leader, motivator and an inspiration, a complete circle of life. Within her is the power to create, nurture, and transform. To honour, respect and celebrate her, International women's day is celebrated on 8th March globally. It is an important occasion for all of us to pause for a moment to reflect on ourselves, to appreciate how much has been done for women and what more needs to be done in the field of gender equality. Moreover, it is the day to acknowledge all women in the world for making this world a better place for everyone

to live in On this occasion, MPS went a step ahead in setting a milestone in spreading the fragrance of womanhood. Girl students of Gr 9 and 11 were provided with an opportunity to meet and get inspired by the life, challenges and accomplishments of great women personalities of various professions. Starting from the woman coconut vendor to the DRO of Tirunelveli, students were offered with a chance to meet women of different professions and greet on the occasion. On the way to the DRO office, realizing on the fact that women play a vital role in the upliftment of the

society , irrespective of their profession, students greeted the women auto drivers, lady scavengers, and lady entrepreneurs for their willpower, determination and perseverance by sharing their love with a rose and sweet to brighten their day. Students interacted with them and asked on how they felt on being born as women. Their responses were so motivating and energizing for the young souls of tomorrow.

Students were surprised on getting an opportunity to talk with DRO of Tirunelveli Ms Suganya and the Assistant Conservative Forest officer of Tirunelveli Ms. Hemalatha who welcomed the girls with a smile on their faces and love through their hospitality. Students greeted them and they addressed the girls on the ways to select the profession and groom oneself accordingly into a confident personality. They motivated to create a habit of reading books on daily basis and wished the girls for their better future. The day and its memories will be etched in the minds of the girls forever.

SAVE THE FOREST

“Happy International Day of Forests!”

மார்ச் 21, 2023 இன்று சர்வதேச காடுகள் தினம் கொண்டாடப்படுகிறது. மாசற்ற காற்றிற்கும், மண்வளத்தை காப்பதற்கும், பறவைகள் & விலங்குகளின் வாழ்வாதாரத்திற்கும், சூழலியலின் தூய்மை காப்பதற்கும் காடுகளின் பங்கு இன்றிமையமையாதது.

CBSE CORNER

International Mother Language Day

Muthamil Public School with concurrence with CBSE conducted educational activities.

World is developing expeditiously, it's a need of every young mind to be conscious of all modern technology. CBSE recommends many skills courses for teachers to enhance and develop their skills. If teachers are well skilled they can tune the students in a better way. Teachers attended online webinars coordinated by CBSE in collaboration with Microsoft. Online Training on "Digital Infrastructure for Knowledge Sharing (DIKSHA)" was telecasted on NCERT's official YouTube channel from March 27-03-2023. It was a 5 hours online training program for teachers conducted by National Council for Education Research and Training. CBSE also uploaded many e-content and high-quality educational resources for the benefit of students and teachers.

CBSE observed the year 2023 as the International Day of Millets. Millets are Nutrient-dense complete food articles. The importance of Millet was shared with our students, and many students were inspired by this Nutrient filled food and prepared delicious sweets using Millet. Some students brought Sweets and Snacks prepared with Millet to school and shared it with their peers.
