MONTHLY NEWS LETTER

**M**uthamil Public School, celebrated Women's Day with Pomp and Grandeur. A special assembly and a motivational session were organized for the Mothers and the Damsels from Grades VI-XI. The entire session was chaired by a renowned Psychiatrist Dr. Jeeva who in an eloquent way discussed the challenges women face and offered the solutions to tackle the same. This was followed by the keynote address by the Correspondent Mrs. Jeyanthi Babu who spoke about the need for the mental well-being of woman. The Principal, Mrs. Mary Rani concluded the session by motivating the women to support each other as what they think they can accomplish. The women's day celebrations came to an end with an exclusive session with the Psychiatrist Dr. Jeeva for girls by motivating them how to overcome the distractions and temptation pertaining to their age. Parents and the students left the auditorium with a light heart for they were heard at last.

WORLD  
**WILDLIFE**  
DAY

3rd MARCH

World Wildlife Day (WWD) is celebrated every year on March 3 to recognize the world's wild animals and plants. The day was proclaimed by the United Nations General Assembly in 2013 to raise awareness of the planet's wildlife and to honor the day the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) was adopted in 1973. The day also celebrates the diverse life on Earth, from the blue whale to the monarch butterfly., We honor the incredible diversity of life on our planet and the importance of preserving our precious wildlife. Let's raise awareness, inspire action, and appreciate the beauty of our natural world! World Wildlife Day.

“Row row row your boat....” and “wheels on the bus...” does that ring any bells? Irrespective of which generation you belong to, these rhymes have had an everlasting effect and more specifically if there are any vehicles involved. To recognize the various modes of transport and to understand the transportation system of our country, transportation day was celebrated for our little leaders of the kindergarten. As instructed by their teachers, the children brought along either a real object or a picture of a mode of transport and showed it eagerly to the class as they spoke a few sentences on it. They were more than excited to see the different modes of transport whilst learning a lot of new and interesting things about the different modes of transportation. Children spoke about their favourite mode of transport. While the children enjoyed playing and sharing with their toys in the classroom, they got some first-hand knowledge on the use of a helmet, the license and traffic rules various emergency vehicles like ambulance, fire brigade etc. The students loved to do the origami paper folding activities. They made paper rockets and boats thus ending their day that was interesting and fun filled with class event. Curious moments captured are shared with you!

# CBSE CORNER

Reading is a fundamental skill that serves as the cornerstone of education and personal development. According to the National Achievement Survey, proficient reading skills correlate directly with academic success across subjects. Reading not only enhances mental abilities but also promotes empathy, critical thinking and a broader understanding of the world. As per CBSE, MUTHAMIL PUBLIC SCHOOL will be conducting the following activities that are scheduled up to August.

- Observance of National Reading Day and Reading Week
- CBSE Reading Challenge
- CBSE Budding Authors program

Our students from Grades V to XII will be participating to showcase and enhance their skills. All the participants and winners will be acknowledged.
