Shakespeare Day Celebration

Shakespeare Day Celebration at Muthamil Public School!

Our school was filled with literary charm and theatrical brilliance as we celebrated Shakespeare Day with great enthusiasm!

Students of Grades VII and VIII took the spotlight, showcasing their talent

and creativity through powerful stage plays like "King Lear" and more. Their portrayal of characters and narration of Shakespeare's biography were both impressive and insightful.

Adding more sparkle to the event was the vibrant Literary Parade, where students celebrated literature in style! Our talented choir team sang beautiful songs that filled the air with melody and meaning.

What made the celebration extra special? Every single student from Grades VII and VIII participated — whether on stage

as actors, comperes, narrators, singers, or supporting the backstage — no one was left behind! It was truly a team effort and a moment of pride.

We were honored to have Dr. Rajab Fathima, Principal of Annai Hajira Women's College, as our Chief Guest. She appreciated the students' performance, shared a few inspiring words about Shakespeare's legacy, and encouraged our young talents to keep exploring the world of literature.

A heartfelt thanks to all the students, teachers, and coordinators who made this celebration a grand success!

Celebration*

William Shakespeare

Our UKG students celebrated Red Day with boundless enthusiasm and bright smiles! The entire day was a wonderful blend of fun, creativity, and learning – all revolving around the vibrant color red.

The celebration began with a spirited morning assembly where our little stars sang lively action songs and danced joyfully to the peppy "Barbie Girl" tune. Their adorable skit based on Little Red Riding Hood stole everyone's hearts as they brought the classic story to life with confidence and flair!

Children spoke beautifully about red objects, participated in red object sorting activities, and showcased their artistic side by painting stunning red-themed sceneries. These activities helped build their vocabulary, observation skills, and color recognition.

They also spoke a few lines about themselves and shared their thoughts about the Pink Tower, promoting self-expression and confidence in our young learners.

A memorable highlight was the Parent-Child Sandwich Making Activity – a hands-on, heartwarming moment where KG parents joined their little ones in a joyful culinary experience. All our KG parents were present and thoroughly enjoyed the celebration!

A day well spent celebrating learning, laughter, and the power of togetherness – in the warm glow of red!

Red Day Celebration A Splash of Joy and Learning!

We've Done It Again! MPS continues its legacy of academic excellence with 100% results in both Grade X and Grade XII!

□ Grade X Results 2025

□ School Topper: 96.8%

Our young achievers have made us proud with their stellar performance in the CBSE Grade X exams. With unwavering focus and determination, they have upheld the proud tradition of Muthamil Public School. Kudos to our students, teachers, and parents for this remarkable achievement!

Cbse Grade X Results 2025 - Mps Shines Bright!

At Muthamil Public School, we believe that empowered teachers build empowered classrooms! We were honoured to host Dr. Ramkumar Sethupathy, a renowned Positive Psychologist, Life Coach, and Laughter Therapist with over 28 years of experience, for an inspiring orientation session on Stress Management and Positive Psychology.

Through engaging activities like laughter therapy, mindfulness, positive affirmations, and personality development, our teachers explored powerful tools to manage stress, nurture well-being, and build stronger classroom connections.

Key Benefits Gained by Our Teachers:

- Reduced stress and burnout
- Improved emotional well-being
- Increased resilience and positivity
- Stronger teacher-student relationships
- Enhanced job satisfaction and motivation

The session was more than just a workshop — it was a refreshing journey towards self-care, purpose, and joyful teaching

Empowering Educators through Positive Psychology

CBSE CORNER

As per CBSE's latest guidelines under the National Curriculum Framework (NCF-2023), our school will now implement a multilingual approach to language instruction from the 2025–26 academic year. Key Highlights:

Early education will use the mother tongue or regional language as the medium of instruction. Students will gradually be introduced to additional languages (R2) in a structured and engaging manner. The focus will be on building foundational literacy and numeracy through stories, play, and activity-based learning.

This initiative ensures children feel more connected, confident, and rooted in their learning
