E-Magazine Submission – Student Achievements

As part of Bharatiya Innovation 2026, students explored how Deep Technology is transforming India. Deep Tech, powered by Artificial Intelligence (AI), robotics, biotechnology, and advanced research, is creating innovative solutions across various sectors. From AI-assisted healthcare and smart education to precision agriculture, space exploration, modern transportation, and digital finance, these

advancements are improving lives and driving national progress. India's commitment to innovation and technology is paving the way for a smarter, more sustainable future and inspiring the next generation of innovators.–
